DECKING AND FENCING AVAILABLE

### Water safety

Your pool will provide years of pleasure for you and your family, but please remember to play safe. We strongly recommend that you implement and enforce the following water safety rules:

- NEVER jump or dive into an aboveground or semi-inground pool.
- Maintain constant adult supervision when children are in or near any body of water.
- Read all of the safety, installation and maintenance information contained in the instruction manual and water safety brochure before you start installing your pool.
- Ask your city about any specific rules and regulations that apply to pools.
- Follow the instruction manual and maintenance instructions.

- Never remove applied or posted safety stickers or signs from your pool or pool area.
- Barriers to prevent unsupervised access, especially by young children, should be built, installed and checked on a regular basis to ensure they are in good working order.
- Inspect your pool, barriers, alarms, and other related equipment on a regular basis to ensure they are in good working order and that they are safe.

The installation, maintenance and safety manuals contain detailed tips and recommendations. They must be read, followed and applied on a regular basis, as they will prevent unnecessary accidents and ensure many summers of pleasant and safe family fun.

BACKYARD LEISURE POOLS

# PROTEGE SEMI-INGROUND

## Style & Performance

Round or oval, large or small, this stylish pool will complement any backyard décor. Unlike other pools, the Protege is made entirely of extruded aluminum and is designed for performance—with the option to install the pool Semi-Inground—without voiding the warranty!

[www.backyardleisurepools.com](http://www.backyardleisurepools.com)

## Classic Design

The pool concept and colors of the Protege are designed to enhance your backyard décor with a classic, timeless look for your home. Backed by a limited lifetime warranty, there is no better aboveground pool on the market!

## In-Ground Alternative

The structural advantage of extruded aluminum combined with the Yardmore support system, allows this pool to be installed Semi-In-Ground—without voiding the warranty! Create a low-profile pool look with a fabulous deck that elegantly integrates into your backyard.

## Superior Construction

Made entirely of Extruded Aluminum – top rails, uprights, wall and Yardmore support system – this pool has unparalleled strength, is corrosion resistant and extremely rigid, making it the ideal material for Semi-Inground installation.

Extruded Aluminum is the same material used in plane and space shuttle – so you can rest assured your pool has unsurpassed strength for long term performance.

- Extruded Aluminum framework
  - 8" top rail
- Stainless steel hardware
- Interlocking stabilizer rails
- Yardmore buttress-free system on ovals

## Enjoy

Treat yourself, your family and your friends to an elegant pool that is perfect for relaxing, exercising or just having fun.
